

Enercon Super Seal™ Induction Cap Sealers

Make pharmaceuticals **tamper proof**

Extend food's **shelf life**

Prevent chemicals from **leaking**

Ensure beverage **freshness**

Enercon Super Seal™ Induction Cap Sealers

Expert design guarantees reliable performance

Why choose Enercon? Our line of induction sealers is recognized as the world's leading cap sealing brand. In fact, Super Seal™ induction sealing technology seals billions and billions of containers every month around the world. Enercon looks forward to helping you Achieve a Perfect Seal.

Super Seal™

Induction cap sealing is simple and easy with Super Seal™ cap sealers. Prevent leaks, preserve freshness & provide tamper evidence by creating hermetic seals. Microprocessor control and a variety of custom sealing heads ensure reliable performance.

Cabinet Size: 365 x 384 x 240 mm, 14 3/8" x 15 1/8" x 9 1/2", Voltage: 240V, Single Phase 50/60 HZ

Super Seal™ Touch

A powerful induction sealer loaded with features. Its interactive touch screen offers multiple languages, recipe management, and supervisory password protection. Integrated cap inspection & remote connectivity options make this powerful sealer a must-have for today's leading packagers.

Cabinet Size: 466 x 300 x 420 mm, 18 3/8" x 11 3/4" x 16 1/2" Voltage: 240V, Single Phase 50/60HZ

Super Seal™ Max

The Super Seal™ Max induction cap sealer is the fastest cap sealer ever made. Designed for the packaging industry's toughest applications, it delivers reliable sealing with an impressive operating window.

Cabinet Size: 724 x 384 x 240 mm, 28 1/2" x 15 1/8" x 9 1/2" Voltage: 240V, 3 Phase 50/60HZ, 400V, 3 Phase 50/60HZ

Enercon Sealing Head Designs

Enercon systems are designed to operate in a maximum ambient temperature of 40°C (104°F) @ 80% relative humidity, non-condensing.
