

KZ SERIES AUTOMATIC STRAPPING MACHINE

KZA-8060

HIGH-TABLE AUTOMATIC STRAPPING MACHINE

KZG-8060

HIGH-TABLE AUTOMATIC STRAPPING MACHINE

KZW-8060

HIGH-TABLE AUTOMATIC STRAPPING MACHINE

The machine is widely applied for all kinds of strapping and packing (except annulations) in different fields. It can be single-unit operation or also equipped onto the production line. KZA series suit for normal object packing, KZG series' deck plate with rollers, so as to making the strapping easier.

KZW Series suit for production line that are differ in sizes and irregular in shapes, it can achieve unmanned strapping while fix power conveyer, which adopt firm, durable, high-efficient KZ mechanism as main body, with lubricating-free maintenance, firm strapping, high speed and long using life. Adopt table-board driving belt, lifting available driving mechanism with easy maintenance.

Special belt supplying and withdrawing track can enlarge the strapping range and save the packing cost.

Adopt man-machine interface and PLC control, full-digital manipulate, so as to make the parameter easy changing and steady operation.

	KZA-8060		KZG-8060	KZW-8060
Voltage	AC 220/50			
Power (W)	850			1050
Max. Strapping Size (WxH) (mm)	800×600(Standard type)			
Min. Strapping Size (WxH) (mm)	80×50			
Strapping Speed (sec/turn)	2.15			
Strapping Force (N)	25-700 (Adjustable)			
Available Strapping Belt (PP or PE) (mm)	width 9~15, Thickness 0.5~1.1			
Height of Table (mm)	830			
Dimension (LxWxH)	1420× 650 ×1565			
Net Weight (Kg)	235		248	260

Note: Customize order is available.
